

AGENTIC BUSINESS TRANSFORMATION

NeoGennie Starship

Design a custom AI workflow prototype around business-specific processes, handoffs, approvals, and visibility.

Starts at \$7,500 setup + \$1,999/mo

WHAT IT DOES

Move beyond one-off tools into an integrated operating workflow shaped around how the business actually runs.

BEST FIT

Entrepreneurs ready for process redesign, custom AI workflows, integrations, dashboards, or multi-step automation.

Starship Brochure Details

KEY CAPABILITIES

- Map the current process and bottlenecks
- Design an AI-supported future-state workflow
- Build a prototype with handoffs, approvals, and outputs
- Pilot, measure, and prepare launch documentation
- Identify integration needs, owners, and exception paths
- Create an optimization backlog after the first version proves value

SAMPLE WORKFLOW

1. Trigger starts the workflow
2. AI prepares or routes the next action
3. Owner reviews exceptions or approvals
4. Handoff updates the right person or system
5. Dashboard shows status and next action

Built for a practical first version, then improved with real business feedback.

The MVP clarifies the core workflow first; optional add-ons expand integrations, reporting, or automation after fit is proven.
